

865-928MHz 5dBi RFID Panel Antenna

Model: DP890G05

Vertical Polarization, 865-928MHz, 5dBi, Diameter: 207x177x45mm

Application:

Indoor/in-building Coverage

European and America Standard Application

RFID Communication Application

Features:

Low return loss

Wide bandwidth

Suitable for wall mounting

Low, aesthetically pleasing profile

Model	DP890G05
Frequency	865-928MHz
Polarization	Vertical
Horizontal Beam Width	73 deg
Vertical Beam Width	69 deg
Gain	5 dBi
VSWR	<1.3: 1
F/B	>18dB
Max Power	50 W
Impedance	50 Ω
Mechanical Specification	
Radome Material	ABS with UV Protection
Lightning Protection	Direct Ground
Connector	N-female
Weight	0.5 kg
Size	207x177x45mm
Operating Temperature Range	-40°C to +70 °C
Storage Temperature	-50°C to +75 °C
